

Men in Plaid

Highlander had a special visit on April 15 from the Coppell Pipe and Drum Corps. The group consisted of firemen from the Coppell Fire Department that included one of our Highlander dads Blaine Addison, his brother Chris Addison, Rene Rodriguez and Fire Chief Jim Kitchens. The area around the sport court quickly filled with students wanting to catch a glimpse of the bagpipes and drums as the group played Amazing Grace. The visit was set up in conjunction with the third grade class that is studying countries around the world. It was a wonderful and unique opportunity for the students to enjoy a taste of Scotland.
