

# HIGHLANDER HAPPENINGS

November / December 2016 Issue

## Pre-K II

Pre-K II spent the month of November talking about Indians, Pilgrims, and the Thanksgiving traditions. They enjoyed scarecrow decorating, making hand-shaped turkeys, and practicing for their Christmas program!

Early Childhood enjoyed coming together to give thanks and enjoy a yummy Thanksgiving feast.

## First Grade

November not only brought talk of Thanksgiving, but the First Grade learned about reptiles and amphibians. Students also took a class trip to the Dallas Museum of Art.

## Second Grade

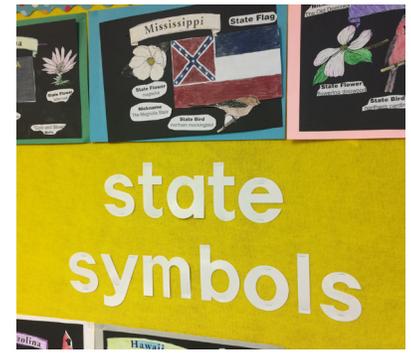

In addition to learning more about the Thanksgiving traditions, Second Grade was busy with lots of different activities. In addition to accompanying the First Grade to the Dallas Museum of Art, Zooniversity visited the students in November to show different animals and teach students about the animal kingdom.

## Third Grade

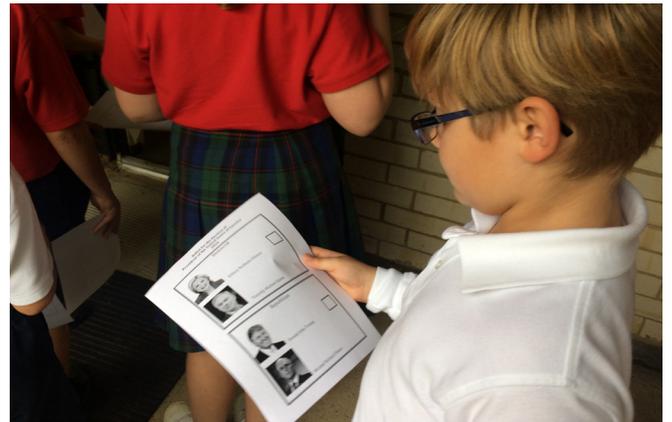

In November, the Third Grade students researched a U.S. state of their choice. Each student presented both a written and oral report on their chosen state. Third Grade also studied the first Thanksgiving before enjoying a Thanksgiving feast of their own!

Fourth Grade performed their annual Thanksgiving Play for family and friends!

## Sixth Grade

Sixth Grade students turned in the final copies of their research papers about ancient Egypt before receiving and memorizing their lines for the Christmas program, *'Twas One Crazy Night Before Christmas!*

## Christmas Holiday

December 16 - January 2
